

Join the Near West Family Network!

The Near West Family Network (NWFN) serves to strengthen families and our community by engaging and retaining families of all kinds.

As an independent, volunteer-driven organization, we partner with local CDCs, businesses, schools and nonprofit organizations to organize and promote programs for parents, children, and the entire family. Together, we work to enhance public safety, preserve and improve public green spaces, expand recreational and cultural opportunities and support the advocacy of quality schools in our neighborhoods.

We foster a supportive community of families in Cleveland's Near West neighborhoods by providing a home for these activities; serving as a conduit to an array of community resources; and cultivating meaningful connections among one another.

Membership dues are the single largest source of venue for NWFN. Your membership dollars provide NWFN with the opportunity to sponsor special activities, arrange discounted field trips, publish quarterly e-newsletters, etc.
